

ENDS SESSION THIS EVENING

Mystic Workers Will Conclude Their Meeting and Adjourn for Two Years.

NEXT MEETING TO BE IN PEORIA

W. A. Cunningham of Anamosa, Iowa, Elected Supreme Master of Order--No Change Made in Rates.

Supreme Master—W. A. Cunningham of Anamosa, Iowa.
Supreme Vice Master—George Leda of Fulton, Ill.
Supreme Banker—A. E. Shook of Ottawa, Ill.
General Attorney—B. F. Liehtenberger of Chicago.
Supreme Conductor—Josephine Lake, Clinton, Iowa.
Supreme Sentinel—Lonla Sullivan, Kansas City, Mo.
Supreme Picket—F. C. Densmore of Sharon, Wis.

New Directors Elected—Fred Zick of Polo, Ill., E. E. Fitch of Galva, Ill., J. H. Nately of Kalamazoo, Mich. The hold-over directors are: H. L. Harris of Macomb, J. S. Dally of Chilli-cothe, R. W. Cheever of Clinton, Wis.

Much excitement characterized the session of the Mystic Workers of the World when the election of officers was announced this morning. The first four officers were named by acclamation but lively contests on all of the other offices were forthcoming. Mrs. Downes of Harvard was a candidate against Josephine Lake of Clinton, Iowa, for supreme conductor and was defeated by a vote of 103 to 77. Mrs. Kelley was pitted against Mrs. Sullivan for supreme sentinel and the first vote was a tie.

Raised the Salaries
It was the consensus of opinion that in order to retain good men in office the compensation must be adequate and action to raise the salaries of several of the officers was taken this morning. That of supreme master was raised to \$2,500 per annum; that of supreme attorney to \$1,500; that of supreme banker to \$500; that of the supreme directors to \$10 a day for actual service. Without a dissenting vote the next biennial session in 1906 was given to Peoria. Other cities made a demonstration but retired before the vote was called for.

No Change in Rates
The laws and the reason for their existence have been carefully explained to the entire convention so that every member has a perfect understanding of the reasons for their existence. The question of revision of rates was to come up this afternoon but it was a foregone conclusion that no changes would be made and that the rates would remain as heretofore.

Committees Appointed
At the session yesterday afternoon a committee on appeals and grievances was appointed, consisting of C. A. Darnell of Plano, W. L. Hockett of Fulton, and E. A. Simmons of Pontiac. Likewise a committee on salaries consisting of Charles Diestorweg of LaSalle, Ill., N. F. Hart of Peoria, and Dr. H. Hunter of Victoria.

Iniation Last Night
Last evening Mr. Williams of Janesville was given an elaborate in-

itation with the whole supreme body in attendance. A very pleasant feature of the meeting was the presentation by Hon. Frank Quinn of Peoria, prominently mentioned as the democratic candidate for governor of the state, to Supreme Secretary Jackson of a handsome crayon likeness of the latter done by Paul, the thirteen year old son of Director J. S. Dally.

Finish Tonight
The regular business of the session will probably be finished this evening, though many of the delegates will not leave until tomorrow. All are loud in their praises of Janesville. Said Supreme Secretary Jackson this afternoon: "Everything possible for our comfort has been done. The officers and delegates feel very grateful to the mayor for his very cordial greetings, to the people in general, and to the Janesville lodge of the order. Our experiences here have been most enjoyable and the recollections of this session and of the Badgers will be very pleasant ones."

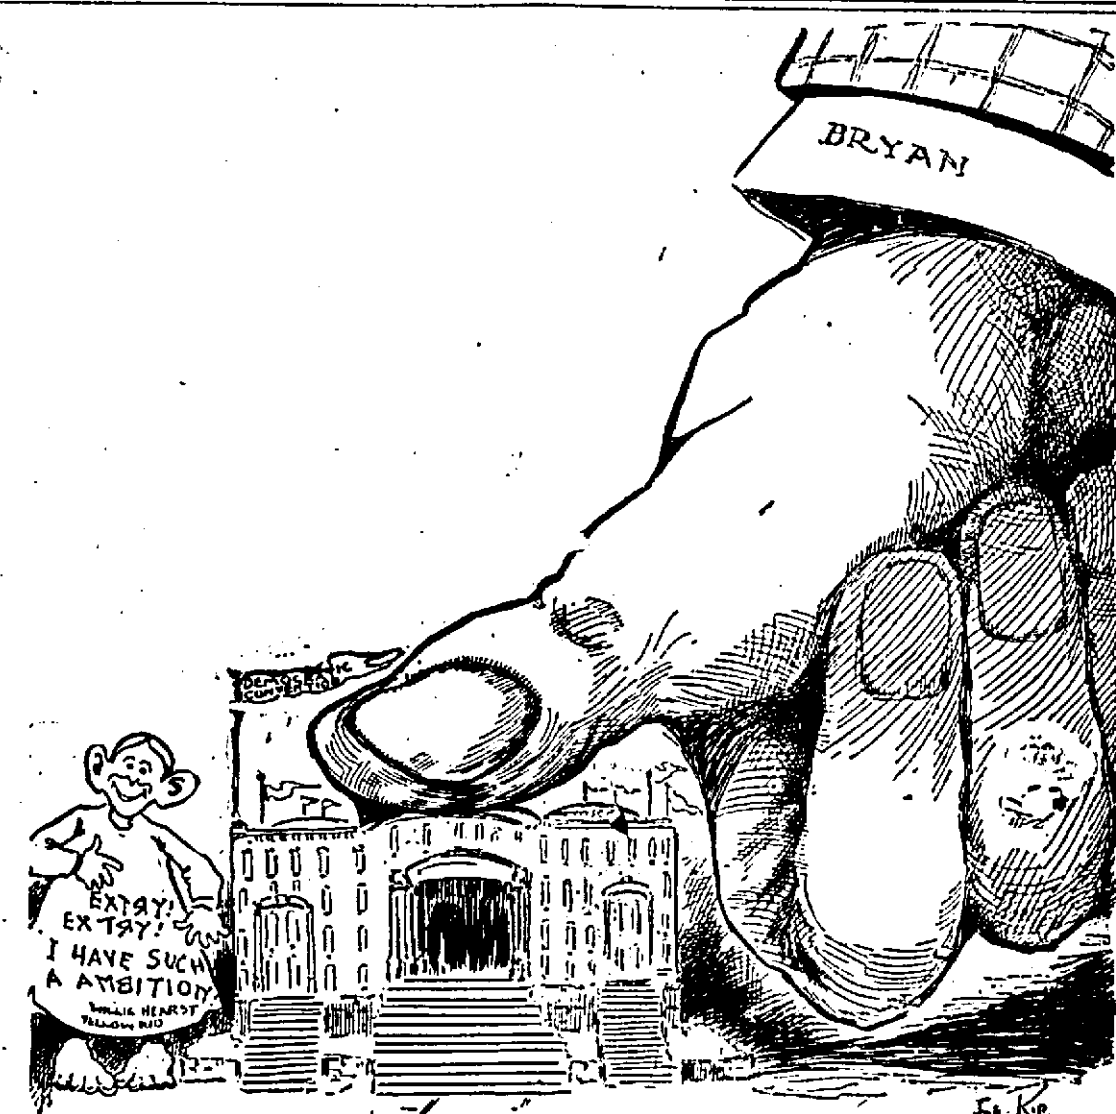

YOUNG MEN ARE SLAVES TO THE ATHLETIC HABIT

Physicians in Convention Declare That the Strenuous Sports of Today Sap Vitality of Our Youth.

Atlantic City, N. J., June 9.—The young men of the United States today are as decrepit as their grandfathers were at the age of 70 years due entirely to the "strenuous life" and the introduction of the cinder path, the baseball diamond and the football field into the recognized courses in the colleges of the country. At least so say members of the American Medical association in convention here.

Members of the section of the practice of medicine devoted much time to a discussion of the physical deterioration of the youth of America. The "strenuous life," it was declared, had resulted in the alarming growth of an incurable disease that was sapping the vitality of the young men. "Arteriosclerosis," the physicians term it, and its symptoms are a stiffening and deterioration of the arteries, causing them to age prematurely, and bringing about a serious affection of the heart.

College athletics is a chief cause of the disease. Football and other "strenuous" games are productive of it. Ping-pong and middle-de-winks are declared safe. Dr. W. S. Thayer of Baltimore said that 62 per cent of the cases that came under his observation were the result of overwork, many being due to football.

MR. BRYAN SAYS HE WILL ATTEND THE DEMOCRATIC CONVENTION. THIS IS MR. BRYAN'S INTENTION.

Cripple Creek, June 9.—The district is again quiet. No further trouble is expected as the militia and two hundred deputies are in charge of the camp. The coroner's jury is sitting today at Independence on the outrage. No verdict is possible for several days. Shortly before midnight eight men arrived with rifles, shotguns, and sledge-hammers and entered the office of the Victor Record, the organ of the Western Federation of Miners, ordered the men to throw up their hands. They broke up the machinery and fixtures and then ordered the men to get out of the district. No clue to the identity of the raiders is had. Friendly is alleged to have fired the shot that killed McGee in the mass meeting riots and was captured today near Canon City.

RUMOR WAS A HUGE CANARD

Port Arthur Has Not Fallen—Report Received That the Russians Are Repulsing Japs.

FIGHTING IS VERY INTENSE TODAY

Russians Report Sinking More Japanese Vessels, and Are Now Preparing To Protect Port Arthur From Danger.

[Special by Scripps-Mellae.]

St. Petersburg, June 9.—There is great rejoicing in the Russian capital this morning over the receipt of a dispatch from Liao-Yang, which indicates that instead of being captured, as rumored yesterday, the Russian garrison at Port Arthur has beaten off an attack of the Japanese and still retains possession of the stronghold.

Skyrdoff's Daring Feat
Not only that, but Admiral Skyrdoff has made his way out of Vladivostok with the Russian Siberian fleet and has made a junction with the Port Arthur squadron after a desperate fight with the Japanese fleet under Admiral Togo and the joint squadrons are now inside of Port Arthur rounded. The Japanese lost four of their best ships, while the Russians escaped practically unscathed.

Chinese Tell the Story
The news of this Russian success was brought to General Kuropatkin by a number of Chinese and their stories are so circumstantial as to be considered reliable. The fighting is understood to have taken place on Monday and to have continued on Tuesday.

Japs Bombarding Coast
Mukden, Manchuria, June 9.—Reports have reached here that a Japanese squadron is bombarding the coast between Kih Chau and Slung ya Cheng.

Same Old Fight
St. Petersburg, June 9.—A Liao Yang correspondent of the Russ wires a naval engagement in the Gulf of Pechili took place yesterday and one Japanese battleship was sunk. The Chinese from the south say the Japanese attacked Port Arthur; the day is not specified and lost thirty-five hundred men and four warships, probably torpedo boats.

ANTWERP BURNING; LOSS VERY LARGE

Destructive Blaze Has Thus Far Done Two Million Francs Damage.

SAN DOMINGO IS NOW AT PEACE

All Ports Are Opened to Commerce According to Telegram of Rear Admiral Sigbee.

[Special by Scripps-Mellae.]
Washington, June 9.—The navy department received the following from Rear Admiral Sigbee at Monte Christi: "The custom house at Monte Christi will be again ready for transaction of business tomorrow. All ports in San Domingo now open to commerce. The revolution is ended."

Insula are necessarily fragmentary, and they are not always reliable.

Lines Pushed Forward
It seems certain, however, that the Japanese have been able, despite desperate resistance on the part of the Russians, to push their lines steadily in toward the doomed fortress; that the hardest kind of fighting has been going on for two or three days; that the Japanese have taken position after position and in every case have been ready to fortify every point of vantage occupied and to mount heavy guns to assist in the assault on the next forward position. All sorts of stories come in as to the losses, but none of them can be relied upon. One report declares the Japanese have lost 11,000 men in killed and wounded since the attack on Nanshan hill. All reports agree that the Japanese guns are handled superbly and that the Shimose shells are so effective that it is next to impossible for the Russians to withstand their deadly volleys.

Miss Explodes
Tokio, June 9.—A report from Admiral Kataoka states that twenty-one Russian mechanical mines were exploded in Taiten Wan bay Tuesday and Wednesday. The Japanese came across the wrecks of two sunken vessels, which were identified as the cruisers Boyarin and Nomi.

Same Old Fight
St. Petersburg, June 9.—A Liao Yang correspondent of the Russ wires a naval engagement in the Gulf of Pechili took place yesterday and one Japanese battleship was sunk. The Chinese from the south say the Japanese attacked Port Arthur; the day is not specified and lost thirty-five hundred men and four warships, probably torpedo boats.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The aid and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Send for this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Third-class indenture; this is in the form of an agreement, with young men of 21 years of age, who are graduates of colleges, technical schools or scientific institutions, having courses in the higher mathematics, natural science, and drawing. They are not required to attend any night classes, but in lieu of this must read some technical journal, and turn in

their differences and are preparing to meet the common enemy with a united front. And how much better it would be if the Republicans of this state were in the same shape.

COMMITTEE WILL HOLD A MEETING

CHAIRMAN GOLDIN CALLS MEMBERS TOGETHER THIS WEEK.

LA FOLLETTE LEADERS WAIT

Do Not Understand All the Moves of the Conservative Republicans.

As the time shortens for the hearing of the claims of the regular republican delegation before the national committee effort is being made by the La Follette leaders to turn the sentiment in their favor. Reports from Madison announce that the jubilee week celebration at Madison is filled with half breed gatherings and that the leaders of the governor's forces seem much disturbed over the possible outcome. That they are very anxious to have the matter taken to the supreme court before the national committee acts upon the matter is evident, but this, it is said on good authority, will not be done. The claims of the conservative republicans will be presented at Chicago and later if necessary, taken to the supreme court. This is said to be the decision of the men who are handling the Cook campaign.

Goldin in Milwaukee
Chairman Goldin of the republican state committee has called a meeting to be held the last of the present week in Milwaukee at which time it is probable that a secretary of the state committee will be chosen. Several prominent newspaper men in the state have been mentioned for the position but the choice has not been made. Members of the state central committee say that offers of aid and support have come from all parts of the state and that as soon as the work of organization begins it will be pushed to completion.

Excellent Speakers
It is also stated on good authority that there will be more good speakers in Wisconsin during the late summer and fall than have ever been during any campaign. The present complication of affairs makes the state a possible doubtful one and every effort will be made to swing it into line.

Still Pecks
The democratic leaders are still undecided as to who will be the nominee for governor but the prospects are that George W. Peck will be chosen. The Madison leaders of the "donkey" party however have faith in Col. Bird and Burr Jones is spoken of for the nomination. The Hearst fight however seems to have left the Wisconsin democrats as much split up at present as the republicans and it is doubtful if they can get together and decide upon any one man with much discretion.

THE EAGLE IS ON THE ALERT TODAY

Watches That Fourth of July Fund Grow Slowly for His Natal Day Celebration.

That Fourth of July subscription committee is doing some tall hustling these days and it is probable that before the end of the week a sufficient sum will have been realized to make the celebration of the glorious Fourth a certainty. Everyone seems enthusiastic over the fact that Janesville will celebrate this year and excursions from outside cities are already being planned. When Janesville celebrates it celebrates and there will be no mistaking this year's justification for a counterfeiter when the present committees get at work. It will be the Fourth and no mistake about it.

BOLD BURGLAR AT McNAMARA'S

Broke Into Hardware Store Through Rear Window Shortly After Midnight—Secured \$100 Worth of Booty.

H. L. McNamara's hardware store on West Milwaukee street was entered by a bold thief shortly after midnight and merchandise valued at from \$75 to \$100 taken. The intruder forced his entrance through a window looking out upon the alley that separates the store from Harry Ames' saloon. He helped himself to several expensive revolvers, a number of razors, and a number of pocket knives. Most of this property was secured in the front of the store. His first visit was made at the money drawer where he obtained five cents, received just before the store was closed yesterday for the sale of some fish-brooks. The light thrown into the store by Officer Fanning as he passed must have frightened the fellow as he broke another window with a nail keg to make his escape when a door nearby could easily have been unbolts. As Officer Fanning passed around to the rear of the store according to his custom, Mrs. Ames raised a window and told him about being awakened by the sound of crashing glass and seeing a man running up the alley. Mr. McNamara was notified as well as the other officers and a thorough but unavailing search of the premises was made. A stranger entered the store yesterday afternoon, asked to be shown some revolvers, said that he did not have any money with him and would return later. H. L. McNamara is wondering whether he did or not. An attempt was made to break in the latter's house on Sunday evening but the burglar was frightened away by the dog.

AMONG THE
WORLD'S WORKERS

News Notes From Various Sources of Great Interest to the Workingman.

The Fore Rivers Ship and Engine Company, at whose works a strike occurred five weeks ago, today has informed a number of manufacturers who remained at work that their services are no longer required. The men were told that there was no employment for them, and from this statement the strikers judge that work is still hampered by the strike.

Iowa's new law giving soldiers preference in the matter of State employment is so far-reaching that it includes everything of an appointive character with the exception of deputies and confidential clerks, positions at the state house included. The measure is creating a great deal of hostile discussion and is held by many to be unconstitutional because it is class legislation and not in the interest of public policy. Test cases are in sight all over the State, and the matter will probably be brought before the Supreme Court.

Changes in the rates of wages in England during April affected 61,000 persons, of whom 1,900 received advances and 59,100 received sustained reductions. The net result was a decrease in wages of nearly £2000 per week. The principal changes were decreases in the wages of 10,000 blast furnace men and 37,000 iron and steel workers. Changes affecting 6,000 persons were affected by conciliation boards, and 27,000 under sliding scales. The remainder were affected by the parties themselves or by representatives.

An international union that has made wonderful strides since it was organized in the Interior Freight Handlers and Warehousemen's International Union. It was formed in St. Louis in January 1903, with nine local unions and a membership of about 5,400. At the present time 65 local unions are affiliated with a membership of about 13,000.

MINERS CLASH WITH MILITIA

BATTLES RAGE IN THE HILLS

Soldiers and Deputies, Attack Men in Hiding in the Mountains and Are Met by Shower of Bullets, One Man Being Killed.

Victor, Colo., June 9.—Two sharp skirmishes have taken place between the militia and union miners Wednesday, and one miner, John Carley, is dead.

Adjt. Gen. Bell, who is in absolute command, is determined to round up every union miner and idler in the region, and the miners mean to fight.

In addition to the two skirmishes the office of the Victor Record, the newspaper organ of the Western Federation of Miners, was wrecked at 11:45 o'clock Wednesday night.

Eight unknown men armed with shotguns, rifles, pistols and sledge hammers entered the office of the Record and ordered the men to throw up their hands.

George Kyner, proprietor of the paper, was at lunch, and Foreman Walter Sweet was in charge. The printers were busily engaged getting out the morning paper when the eight armed men opened the front door and walked back to the composing room, yelling:

"Wreck Printing Machinery. 'Lino up now and throw up your hands."

The masked men then wrecked two linotype machines, several job presses and all the equipment of the office. They smashed the telephone and a typewriter. When their work of ruin was complete they marched the Record employees out on the sidewalk and told them to get out of town.

The printers walked north and the eight men started off toward the south.

The first battle took place at the new camp at Dunnville, thirteen miles from here. It was in this fight that John Carley was killed.

The second battle was fought between seven soldiers sent on horseback to Big Hill, two miles east of Victor, and union miners they were sent to arrest. The miners were entrenched, and opened fire on the soldiers as soon as they saw them coming up the hill. The soldiers returned the fire, and although 200 shots were fired no one was wounded. Seven men were captured by the guards and taken to Cripple Creek.

The troops who were in the first fight returned to Victor bringing with them fourteen captives.

It was reported before the special train left for Victor at 2 o'clock bearing the force under Gen. Bell, that the miners in the hills about Dunnville numbered about 250 men, and that it was their intention to march into Victor in a body and attempt to liberate by force the inmates of the temporary bull pen in Victor.

That the force actually consisted of only twenty-one men is the statement of one of the number that was taken captive.

The train proceeded to the immediate vicinity of Dunnville without unusual incident. When about a quarter of a mile distant from the Dunnville temporary station the officers could see the camp of the miners. It included one cabin and six or seven tents. The officers left the train at the command of Gen. Bell and prepared to advance upon the camp of the unionists in regular skirmish order.

Gen. Bell Leads Raid.
As they emerged from the cut in which the train had come to a stop they were greeted with a volley of shots which came from points in the surrounding hills.

The militia returned the fire to the best advantage possible, and promiscuous shooting was engaged in for ten minutes. From the character of the shooting from the hills Gen. Bell immediately recognized the fact that the strength of the miners had been greatly overestimated, and that he had sufficient force under his command to make an immediate roundup and capture the entire opposing force.

Accordingly, he divided the deputies and soldiers into seven detachments, and these set out to make a complete cleanup of all the surrounding hills.

Dunnville sprang into prominence last week, when it was reported that enormous amounts of free gold had been discovered, and there was an immediate rush to the place by union men, who declared that no others should be permitted in the camp. All others were barred. But the camp was of mushroom growth and the thousands who camped there in the first two days of its existence dwindled away fifty or a hundred a day.

Declares Martial Law.
Teller county was put under martial law as soon as Adjt. Gen. Bell and his staff arrived in Victor. He posted the proclamation on the door of the armory, where a large number of union men and sympathizers are imprisoned.

This military rule places Gen. Bell in supreme command, and he is being assisted by Col. Edward Verdeckberg. The two companies of infantry, company I of Victor and company II of this city, both of which had been called out by the local authorities before martial law was proclaimed, are the only soldiers yet on duty.

Gen. Bell early appointed a commission to try all prisoners. The commission is composed of Mayor French of Victor, Capt. Gail Hoag of the Colorado national guard, and Judge M. Gray.

"The prisoners will be treated fairly," said Gen. Bell, in announcing the appointments. "It is not my desire to inflict upon any of them punishment that they do not deserve, and as fast as this is ascertainable they will be sent away or placed in the class that will be held indefinitely. I intend that every man innocent of the crimes that have been perpetrated in the hills

"Moneybak" Black Silk--- A Black That Is as Permanent as the Pyramids.

Years of painstaking efforts were passed in perfecting "Moneybak" Silks. The first blacks dyed by the makers of "Moneybak" five years ago were brown compared with the rich and lustrous dyes of today.

Moreover, "Moneybak" black does not crack, turn green or grow rusty with age, and stands next to velvet for luster and brilliancy. There is an unenviable guarantee that goes with "Moneybak" Silk, for the reason that its production means the highest standard of quality of raw silk with throwing, weaving and dyeing carefully watched at every step, and its gets it.

There is a place for "Moneybak" Silk in our stock because it occupies a field of its own, does not displace the sale of cheaper silks, which we carry for customers who want them. Inquire at the silk counter. Not genuine unless the name "Moneybak" is attached to selva.

19 in. Taffeta, \$1.00. 27 in. Taffeta, \$1.50. 21 in. Peau de Seig, \$1.25

strictly go free and every one who is guilty shall be punished. I intend to have matters in shape within a short time so that every business house and every mine in the district can open and proceed with business unmolested.

Threatens Death to Strikers.
"We will not bring any outside troops here unless the situation becomes worse than it is at present. These strikers did not appreciate the treatment we gave them when here before. No resistance from them will be tolerated, and if necessary they will be shot down."

Gen. Bell intimated that further deportations would be made soon and the Citizens' Alliance and the mine owners, who are in control of the camp and count upon the continued support of the military, have determined to deport all idle men except those against whom information charging crimes will be filed.

After examining more than 100 witnesses, nearly all of whom are prisoners in the "bull pen," ten of the prisoners were released by the military commission. The witnesses were conducted to the rooms occupied by the commission by a strong guard of soldiers. The hearing is being held behind closed doors.
